Description

Spectro Golden 4 semi-synthetic ATV/Snowmobile is the ultimate motor lubricant formulated specifically for use in high performance ATV and snowmobile engines. It incorporates a blend of diester/PAO synthetics and petroleum base oils with the most advanced ZDDP additive technology available in the highest treat rate possible.

Meets all known OEM warranty requirements.

Application

Spectro Golden 4 Semi-Synthetic Oil is formulated specifically for use in all racing and high performance/off road ATV applications and is perfect for winter use.

For Racing Use

Golden 4 Semi-Synthetic ATV/Snowmobile Oil should be used at the manufacturers' recommended change intervals. Otherwise, adhere to the "change frequently" rule. No special steps need to be taken when switching to a semi-synthetic.
